# TELECONSULT<sup>®</sup> CLIENT INSTALLATION GUIDE

---

These instructions explain how to install the TeleConsult Client software on your personal computer.

TeleConsult is an easy to use communication tool. Using TeleConsult, care providers can capture diagnostic clinical information at the point of care (including high resolution images, X-Rays, ultrasounds, etc.) and upload it to a secure web site for remote review, consultation and collaboration.

## REQUIREMENTS

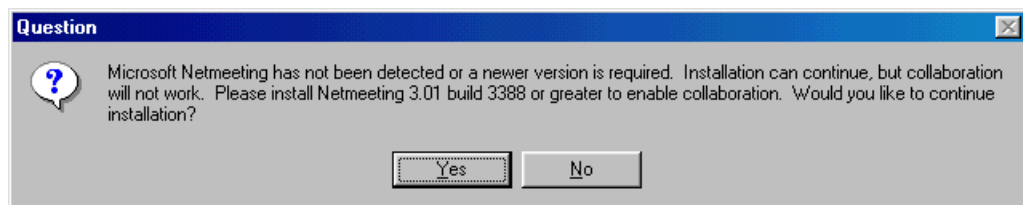

- Internet Access through an Internet Service Provider
- MS Internet Explorer 5.0 is required
- A personal computer or laptop running Windows 95, 98 or Windows NT 4.0
- TeleConsult Consultation Software CD
- At least 20 MB free space on your system drive

## Minimum System Specifications

- 400 MHz Pentium<sup>®</sup> II processor or greater
- A minimum of 64 megabytes of memory; 256 megabytes of memory is recommended.
- Hard disk 6.4 gigabytes (or greater)
- One CD-ROM drive
- Modem (56 K V.90) or ISDN line or DSL or T1
- VGA video card that can display a minimum of 1024 x 768 true color
- PS2 Keyboard
- PS2 mouse port
- VGA monitor
  - 1024x768 (or greater) resolution
  - 0.28mm (or lower, i.e. 0.26) dot pitch
  - Refresh rates of 70Hz (or greater) at 1024x768 resolution

## INSTALLATION PROCEDURE FOR WIN NT

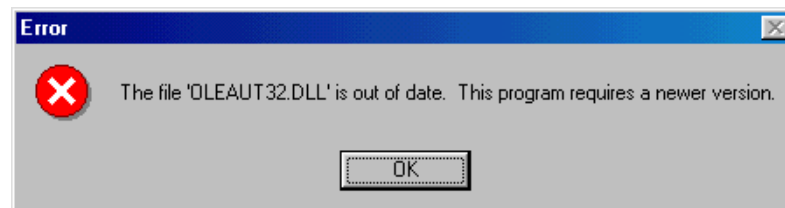

1. Select Start > Run from the Windows Start Menu and select the CD\Client Setup\Setup.exe or double-click the \Client Setup\setup.exe file on the Installation CD using the Windows Explorer.
2. Follow the on-screen instructions.
3. Click the Next button on the Welcome screen.
4. Click the Yes button to accept the License Agreement.
5. Follow the instructions on the screen.
6. Select TCClient
7. The following question may be displayed on Windows 98 systems.  
You may continue on with the installation, but collaboration will not work. You may download Microsoft NetMeeting 3.01 (build 3388 or greater) from <http://www.microsoft.com/downloads/>.

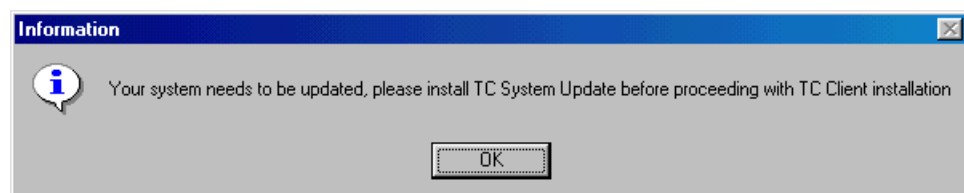

8. The installation is finished; restart if prompted.

## INSTALLATION PROCEDURE FOR WINDOWS 95/98

1. Select Start > Run from the Windows Start Menu and select the CD\Client Setup\Setup.exe or double-click the \Client Setup\setup.exe file on the Installation CD using the Windows Explorer.
2. Follow the on-screen instructions.
  - 2.1 The following error message may be displayed on Windows 98 systems.

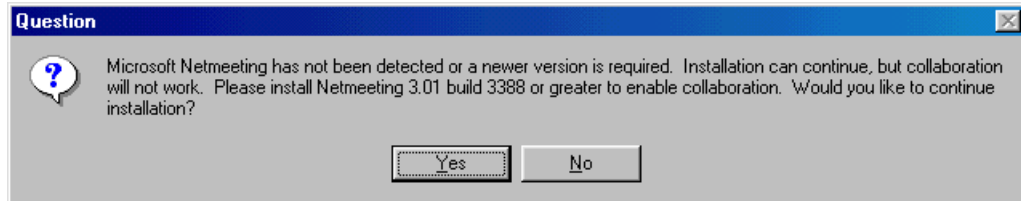

- 2.2 Select the OK button. The following Information message is displayed.

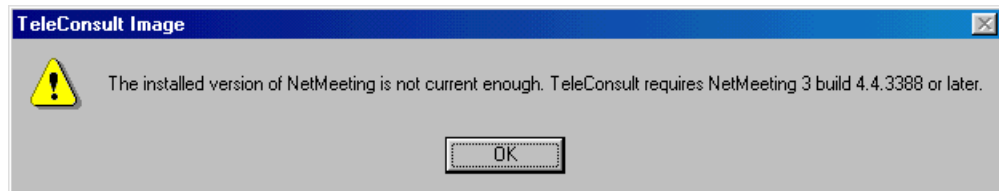

- 2.3 Click the OK button; the Installation ends.
  - 2.4 Double-click on the \Systems Update\setup.exe file, located on the Installation CD, using the Windows Explorer or by browsing for the file using the Start > Run Menu command.

- 2.5 Follow the directions on the screen and select *Typical Installation*.
- 2.6 Select Yes when prompted to Reboot.
- 2.7 Go back and restart the *Client* installation procedure by double-clicking the \Client Setup\setup.exe file on the Installation CD using the Windows Explorer or by browsing for the file using the Start > Run Menu command.
- 2.8 The following question may be displayed on Windows 98 systems.  
You may continue on with the installation, but collaboration will not work.  
You may download Microsoft NetMeeting 3.01 (build 3388 or greater) from [http://www.microsoft.com/downloads/..](http://www.microsoft.com/downloads/)

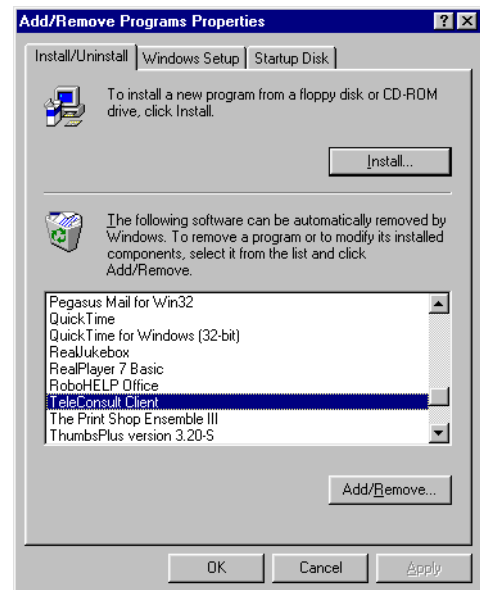

3. Select Next at the Welcome screen.
4. Select Yes to accept the License agreement.
5. Follow the instructions on the screen.
6. Select TCClient.
7. If you do not have Microsoft NetMeeting 3.01 build 3388 or greater installed you the following error message will be displayed.  
You can download Microsoft NetMeeting 3.01 (build 3388 or greater) from <http://www.microsoft.com/downloads>.

8. The installation is finished; restart if prompted.

## UNINSTALLING TELECONSULT

1. Open the **Add/Remove Programs Properties** dialog box by clicking **Start > Settings,**
2. **> Control Panel,** and then double-clicking **Add/Remove Programs.**
3. Select TeleConsult Client from the list.
4. Click the Add/Remove button.

## **YEAR 2000 READINESS DISCLOSURE**

This Year 2000 Readiness Disclosure speaks as of the date hereof. Global Telemedix, Inc. Assumes no obligation and no obligation should be implied to update or inform you in the future of any facts, circumstances or events which occur after the date hereof that may change, alter, or modify this year 2000 readiness disclosure.

This year 2000 readiness disclosure has been provided solely for your benefit. It may not be referred to, used or relied upon for any other purpose or in any other manner except with this disclaimer.

Global Telemedix has designed its products to be “Year 2000 Compliant”. In this context, “Year 2000 Compliant” means that the Software was designed and tested to accurately process (calculate, compare and sequence) date data between the twentieth and twenty-first centuries and to handle the year 2000 as a leap year. This Year 2000 Compliant definition does not apply, (i) to the Software to the extent it interoperates with or exchanges data with other software, hardware, firmware, operating systems, and/or data that is not Year 2000 Compliant or, (ii) to any damage caused by any software or hardware supplied by anyone other than Global Telemedix, Inc., or (iii) by anyone's modification, alteration, or misuse of Global Telemedix's products.
